

EXPORT POLICY AND NOTICE TO USERS (“CLIENTS”)

USZoom LLC, its subsidiaries and affiliate shipping stores (collectively “USZoom” for the purpose of this policy and notice), will not directly or indirectly, partake in any way, shape or form, with any transaction (hereinafter collectively referred to as “handle”, “ship”, or “export”) involving any commodity, software or technology (hereinafter collectively referred to as "item") exported or to be exported from the United States that is controlled by the:

- a) Export Administration Regulations (EAR) or Commerce Control List (CCL)
- b) International Trade in Arms Regulations (ITAR)
- c) Drug Enforcement Administration (DEA)
- d) Export Control Reform Act of 2018 (ECRA)

In addition, USZoom makes every effort to fully comply with all laws and regulations governing international commerce, including the Federal Trade Regulations (FTR). USZoom will only Handle Items that comply with our Low Value (LV) Policy, are exempt from Automated Export System/Electronic Export Information (AES/EEI) filing and would be classified as No License Required (NLR), pursuant to all bodies of US export law.

USZoom reserves the right to return packages to the sender(s) for any reason, to provide packages (and information concerning the same) to government authorities, or to otherwise discard packages (including by selling forfeited items with the sales proceeds going to charity). Under such circumstances, the Client is responsible for all costs incurred in returning the merchandise, tendering the merchandise to government authorities, or forfeiting and/or destroying the merchandise. The Client also acknowledges that under such circumstances, USZoom will not reimburse the Client for the value of the merchandise.

- **Low Value Policy**

USZoom strictly adheres to a Low Value (“LV”) Policy and will not export from the United States any item or quantity of the same item, that may have a selling price or market value above the **\$2,500** threshold set forth in FTR§ 30.37 (a), that would require an Electronic Export Information (EEI) filing on the Automated Export System (AES) with the US Department of Commerce Census Bureau. Clients must provide a sales receipt or equivalent proof of value in good faith. USZoom reserves the right to refuse to Ship items that they reasonably suspect may be fairly valued above the said threshold or for any other reason(s). Such items will be returned to sender at the client’s expense.

- **Non-AES/EEI Filing and No License Required (NLR) Policy**

Pursuant to the FTR, LV item/s may still require AES/EEI filing, i.e. if it requires an export license for any reason, such as; a vehicle, or shipping to an embargoed country, to an end-user of concern, or in support of a prohibited end-use. USZoom will not Export any item that will normally require AES/EEI filing or an export license. It is the Client’s responsibility to determine whether an item requires an export license or AES/EEI filing. The Client must

ensure that merchandise requiring an export license, or that is otherwise controlled for export, is not shipped to USZoom by the seller. USZoom reserves the right to refuse to ship items that they reasonably suspect may require an export license or AES/EEI/ filing or for any other reason(s). Such items will be returned to sender at the Client's expense.

- **Provision of Information Policy**

- (a) The Client is responsible for informing the seller that any merchandise purchased and sent to USZoom is intended to be exported out of the United States.
- (b) It is the responsibility of the Client to ensure that the seller provides the export classification of the merchandise and determines if any export licenses are required for the merchandise.
- (c) The Client is responsible for providing USZoom with the details of the Ultimate Consignee, End User, and End Use and to confirm that the item will not be re-exported.

As already stated, USZoom will only Handle Items that comply with our Low Value (LV) Policy, are exempt from Automated Export System/Electronic Export Information (AES/EEI) filing and would be classified as No License Required (NLR), pursuant to all bodies of US export law. Nonetheless, according to the FTR 30.37 The Census Bureau (CB) has the authority to periodically require the reporting of shipments that are normally exempt from filing. Should USZoom receive such a request from the CB, USZoom will inform the Client of the said request. As aforementioned, USZoom reserves the right to refuse to export the item for this or for any other reason(s). The item shall be returned to sender at the Clients expense. However, should USZoom receive such a request from the CB after the item has been shipped ("post-shipment" or "PS") the Client must provide USZoom with a written authorization or POA to file the psot shipment EEI, all the information required by law for filing an EEI, and within the time frame required by law or specified in the said CB request.
